## Additional Notes

1. Two of your six major electives may come from outside your selected track.
2. If you become a history major after earning 60 credits, take a seventh elective instead of 150.
3. One History Department general education course (Category D) can count as a major elective.
4. No more than two of your major courses can count towards another major, minor, or certificate.
5. If you wish to apply to graduate programs in social studies education, you will also need two US history courses, one economics course, and one political science course.
